Dear Mr. Smith,

Attached you will find the December report for service provided by the Washtenaw County Sheriff's Office to Bridgewater Township. The report shows specific information, with comparison to previous years, for time spent by position, traffic enforcement, total calls for service (including MSP), and deputies under contract from other jurisdictions responding into Bridgewater Township.

In Summary, Bridgewater Township had 39 calls for service for the month of December. Of the 39 calls the Michigan State Police responded to 14. The Sheriff Office responded to 10 calls, 15 calls were administratively cleared this month with no police response. In general these calls are typically: BOL's (Be on the Lookout), ambulance requests transferred to Huron Valley Ambulance, cancelation of call due to other resolution, example, alarm company cancels due to home owner request.

Please contact me at [maroccom@ewashtenaw.org](mailto:maroccom@ewashtenaw.org) or 734-994-8109 if you should need further information or clarification or wish to have this information in electronic form.

Respectfully,

Michael Marocco

## MEMORANDUM

TO: Bridgewater Township Board of Trustees  
FROM: Bridgewater Township Planning Commission  
RE: Bridgewater Township Planning Commission Annual Report for 2014  
DATE: January 12, 2015

In addition to its regular business of reviewing and taking action on proposed developments, the Planning Commission also:

- Set an annual schedule.
- Elected PC officers.
- Submitted an annual report for calendar year 2013
- Completed working on revisions to the Township Master Plan with Pennington, DeGroot, and Nanney.
- Held ongoing training sessions for the new Township Zoning Ordinance/Master plan.
- Held a public forum/open house on March 27, 2014 for vision session for residents and business owners in the hamlet area as regards the future relative the Master Plan revisions.
- On April 9, 2014 a minor site plan submittal was approved for Chelsea Lumber. (This work was never undertaken due to denials of the proposal by other public entities).
- On May 12, 2014 a minor site plan submittal was approved for Kevin's Landscaping. While originally on the agenda as a SLU amendment, discussion indicated it was not an expansion of the business and therefore did not require the SLU amendment.
- On August 11, 2014 a public hearing was held for the revision to the Bridgewater Township Master Plan, after the required submittal to local governments and appropriate waiting period. The public hearing was closed and laid over until the September 9, 2014 meeting.
- An application for a SLU for the Clinton Art Center was received and a public hearing was held on October 13, 2014. The SLU with conditions was approved on that date.

The Planning Commission's Work Program for 2015 includes the following:

- Training for Planning Commission members.
- Updates of ordinances.
- Review of existing SLU's

Respectfully submitted,

Dave Horney, Chairman

## Recitals

On February 5, 2013 Bridgewater Township (the Township) and Tetra Tech, Inc. (Tetra Tech) entered into a settlement agreement regarding the Bridgewater Township wastewater treatment facility (WWTF). Paragraph 10 of that agreement required the parties to meet on or about September 1, 2014 to review the performance and operation of the WWTF and consequently the parties met in the offices of Tetra Tech on September 12, 2014.

The parties amended that agreement at this September 12, 2014 meeting.

There are still days when the WWTF does not meet NPDES permit limits and improving the function of the WWTF secondary clarifiers is believed to be the step necessary to further improve the plant performance so NPDES limits are more consistently met.

## Agreement

It is therefore agreed as follows:

1. The settlement agreement amendment resulting from the September 12, 2014, is revoked and replaced by this agreement.
2. Tetra Tech will detail improvements to be performed in the secondary clarifiers including plugging the drain holes in the effluent weir. Tetra Tech will prepare and submit details of these improvements to Bridgewater Township including a Part 41 permit application package for the Township's submission to the MDEQ, and Bridgewater shall be permitted to review and comment on the proposed improvement prior to submitting the Part 41 permit. If there are any concerns or suggestions regarding the proposed improvement, the parties will meet and discuss the concerns before proceeding further.
3. Tetra Tech will arrange for construction of the above clarifier work and pay the associated costs.
4. Bridgewater Township will submit the MDEQ permit and make the facility accessible for the work for a mutually agreeable period.
5. Tetra Tech will also advise Bridgewater Township on improvements to:
  - a. The influent samplers and the parties will discuss an equitable distribution of cost of these improvements.
  - b. Equalization pump controls, for which the Township will be responsible for paying any costs of improvement.

6. The parties will continue to work together collaboratively towards resolving any remaining issues with the WWTF.
7. Bridgewater Township will continue to enforce its sewer use and rate ordinance.
8. The dates set forth in the settlement agreement shall be extended for a period of fourteen months and consequently the parties will meet four (4) months after the improvements have been installed, to review the status of the WWTF. If the WWTF has successfully met NPDES limits between completion of construction and the plant is being operated without extraordinary procedures necessary for routine operation, the parties agree that no further meetings will be held. Further, once the plant has operated for twelve (12) months following completion or construction, while meeting NPDES permit limits, this agreement will terminate and Bridgewater Township will release Tetra Tech from any and all claims made regarding professional services related to the October 4, 2001, engineering services contract and amendments.
9. All provisions of the settlement agreement not amended by this agreement shall remain in full force and effect.
